The boys of the high school are completing an organization which is much similar to the Y. M. C. A. of the state. The details have not been worked out but you may expect to hear from them in the near future.

At a recent meeting of the athletic association the following officers were elected for the year: President, Emmert Black; secretary-treasurer, Charles Glick. Almost all the boys in school are members.

Graduating Exercises

Tuesday evening at the Opera House, commencement exercises were held for the six graduates of our High School. The weather was inclement on account of a cold rain, but the hall was filled with an enthusiastic audience. The stage had been tastefully decorated by the Juniors, the class motto, "Get There," was beautifully arranged in class colors on a graceful arch.

The program opened with a piano solo by Miss Mabel Horne, followed by the invocation by Rev. Christensen Emmert Black gave the salutatory in well chosen words, and after this the class history was given by Floy Dugan in which she gave a biography of the members in the class. The Will, by Minnie Transue was a unique bequest of positions and tasks for each one in her class. The audience was next favored with an instrumental duet by Mrs, Bergen and Mrs, Hamler, Jenas nie Brown gave a reading, "The Gypsy Flower Girl," which required difficult and dramatic execution. The Prophecy by Bessie Craven, showed a

fertile imagination and provided great futures for each. The valedictory was given by Els'e Transue which was a scholarly and well arranged oration. A vocal quartet by Mary Bergen, Ruby Nelson, Esther Fleming and Fleda Graham, closed the first part of the program.

The address of the evening was made by President R. T. Campbell of Cooper College. His subject was "The Running-gears of a Man" which was listened to with close attention. Dr. Campbell's address was a plea for the boy and it was interspersed with humorous anecdotes that kept everybopy in cheerful expectancy.

In the absence of the president of the school board, Dr. Campbell presented the diplomas to the graduates, and in a neat talk placed in the hands of Miss Elsie Tr ns ie, a college scholarship which entitles her to free tuition in any college in the state for a year, she having attained the highest honors in her class. The exercises closed with the benediction.

Alumni "Come Back"

The aigh school alumni basketball team demonstrated its ability to "come back" by defeating the high school regulars in a closely contested game at the Opera House last night. The final score was 36-32. The score at the end of the first half was 22-20 in favor of the alumni. Those who played on the alumni team are "Bant" Roy Graham, Clyde Nelson, Everett Garrison, Emmert Black. and Rufus Twist and those who represented the high school are Vergil Palmer, George Smith, Dewey Wymore, Emmett Mealey, John Richardson.

The game showed that the high school has excellant material and has the beginning of a good team. All it needs is a place to play and plenty of practice.

A touch of the submarine horror was felt through the community more vitally by reason of the narrow escape of boys from these parts who were on the ill fated Tuscania. Capt. Howard Wikoff, of Oneida, cabled his parents of his safe landing. Willard Hall, a nephew of Mrs. George W. Williams, and a frequent visitor here, with the 107th Engineers, sent word to Milton B. Mr. Chas, Hungate Dear Friend Shorty:

Your letter came come time ago and I should have be answered sooner, but you know come how easily letter writing can be a put off. How is everyone back there? I would have liked to play you a few games of pool tonight but it is out of the question. I have played just twice or three times since I left there.

I enlisted at Belleville, July 30 and went from there to Ft. Logan, Colo., ten miles southwest of Denver, where I stayed c until the last of August when h 150 of us were sent to Ft. Riley to the Cooks and Bakers school, where we stayed just 10 days, and then 50 of us were sent up here as full fledged bakers and were put in this company. For a while we worked in tents and used field ovens to bake in until the shop was finished. The shifts worked ten hours straight. Then it was cut down to nine hours aud then to eight which we work now. We did turn out some pile of bread for a while but now it is not necessary to bake but about 9500 two-pound

loaves a day. I have seen as la many as 75000 pounds of bread in our supply room at once. It sure is some pile.

We have three ovens 320 loaf \$ capacity and since Christmas I have been running them, that is m putting in the bread and taking | se it out when baked. I'm some fi bear cat on that job. I'm still a is private 1st class, \$33 per month, but have hopes of something bet- b ter soon. We do not drill very often. I haven't drilled since October and don't expect to again. Don't know when we will get to go on over, but we hope to go either this spring or in the early summer. Emmert Black will have something to talk about when he gets back, won't he? What branch is he in? Was he drafted? I suppose you know I went to Delphos, Kansas, Christmas. It cost me over \$1. an hour for the time I got to stay.

Tell Monzingo and Dude and Dad Mealy hello, also the rest.

In Big Company

We are ever trying to make the Sun better and we are glad s to say that the Sun will hereaf- s ter be a member of the International News Service. Perhaps b some of our readers will not just understand what we mean. It means just this: Whenever any news breaks from the front the h Sun will receive the news immediately by wire through the International News service and be ready to bulletin it at least t twenty-four hours before you could get the news from any other source. If this news was obtained from the big dailies you would have to wait until the papers arrived, this way the ite news will come to the Sun by wire and will be authentic. This is will cost us pretty heavily and we are not asking any contributions for the service, but we feel 11 that news we receive concerning the boys from this locality will be

worth something to the relatives aw and that they will at least pay Wa the expense attached to this spe- Ar cial form of news. If you will ho remember we had the news of st Emmert Black being a survivor an of the Tuscania long before the fo big dailies reached here and the sp message was official. There will w be wildcat news floating over, be which we will not get, but the O news we receive will all be official. te The Sun is the only paper in the A county which is a member of the se service and we hope that there it will be enough of our readers ap- of preciate the service to want th us to continue it; as it expensive and unless it is wanted | fo we do not feel like we want the h added expense attached to our w shoulders. There may be days o and weeks that there will not be T any dope received, but we will be in a position to get it as soon as there is any break of news. The bulletins will be posted in the Sun windows when received. We do not want you to understand that we can furnish you with all the service, as that would cost us more than the receipts of the office, but if there are any big happenings we will get the report.

Letter From France

May 17, 1918. Somewhere in France.

Dear Father and Gaye:-

Received your welcome letter of the 15th of April on the 15th pof May. The 15th was rather a great day here, I got mail (three letters), was paid off and we had a big entertainment at the "Y" pofor opening night,

I am in charge of the canteen here now and it sure keeps me s busy. Sold over 850 francs a (about \$170) worth of goods t (tobacco and things) day before n yesterday and haven't much to yesterday and haven't much to yesterday, maybe I will have time to write this letter, I generally just get started on a sentence when somebody comes in and wants something so you can a judge this letter accordingly.

It is beginning to get a little twarm here now although it rains about half the time and always every night.

We had a fine program here last Sunday, it being Mother's Day. They had special services and I tell you they were sure appreciated. Last Wednesday was opening night at the 'Y'. Had a fine time and an awful good program.

Well, I have only been about it two hours writing this much so you can imagine what kind of a time I am having. For the last two weeks since I took charge of the canteen I haven't been out of here twenty minutes at one time, how is that? It isn't very hard work but one has to be right here all the time.

Have you gotten any more of my letters? Your letter I received last week said you had only had one. You see all I can do is write and let some one else deliver. I have written almost every week since I left so you ought to have gotten one or two by now. It is about the same way over here though, I have only gotten about four letters the last month two were from you. It is getting about supper time so will close. As ever,

Emmert W. Black, Co. E. 6th Bri. 20 Eng. A. E. F. via New York,

Castets, deLandes, France, July 13, 1918.

Dear Mr. Hamler:-

I have at last decided to answer your letter of May 21 which I received last week. I also have received your letter with the picture of the new building and sure think it looks fine. Of course I can't help wishing I was back there with you enjoying some of that extra breathing space, which I can say you needed slightly. I see by the enclosed statement that you (the bank) are still living up to your former record and from the looks of things you will be increasing the capital again in a year or so if you keep on doing as well as you have since I left.

At the present time I could not ask to be feeling any better and I like our present location fine. The weather here so far has been great. Only get a real hot day about once a week which brings a rain and then it takes a week to get bot again. The nights are always cool no matter how hot the days are and it sure would be great to sleep until—well you know, but we are in the army now.

the army now,

The country here is practically all forest land and the chief industry is the collecting or rather gathering of resin for which they get about 250 francs per barrel and at that price the tree is of much more value growing than if made into lumber. The pine here is the same specie as our southern pine and the largest trees are not over two feet in diameter. All of the trees have been planted and there is no undergrowth here except ferns which are very beautiful.

In getting to this camp we traveled almost the entire length of France enabling us to see a great amount of country and also to get well acquainted with the box cars lableled 8 cheveaux-40 hommes, in other words 8 horses-40 men.

I have a good position here as manager of the canteen. It is t some what different from the I work for which I enlisted but am-making the best of it and like it fairly well. I am getting experience along different lines b as well as on money. The last I month we received through the canteen nearly thirty-five thou- I sand francs, including canteen h sales A. E. F. remittance, etc., so you see I still handle a little v money over here too, The Y. M. C. A. is sure doing a great work over here and they c can't be praised too highly for what they have done already, and I should be very glad indeed if you can use my statement to the advantage of the Y. M. C. A. Well I will close wishing you good-luck. I am sincerely Your friend. Emmert Black.

Emmert Black has sent back some interesting curios in the money line which may be seen in the box at the State Bank. Money of different denominations is shown and to the average person who has not seen the French money can see quite a difference from what we have in use. This money is different too, than the regular money used there, as it is what they call their "war money".

Emmert Black, another one of the Summerfield boys returned home Sunday from his trip overseas. Emmert is looking fine, but is glad of the privlege of getting home again. He had an experience going over that few of us care to encounter, as he was on the Tuscania when it came in contract with the the German submarine and was sunk just off the Irish coast. Emmert wasin the water several hours but was finally rescued. He has been connected with the canteen work for some time. His many friends are glad to welcome him home and are glad that he will not have to go back.

Emmert could have been ON the water several hours, but not IN it, as he would have died from hypothermia - "Summerfield (KS) Sun" Thursday 19 Jun 1919 p 1

Emmert Black has accepted a position with the State Bank. Emmert was an employee of the bank before his enlistment and while he rather enjoyed his trip abroad he is pleased to be back at the old stand.

Presbyterian Notes.

A very interesting service was held last Sabbath morning when the service flag was demobilized. The attendance was unusally large and all who appeared on program did their part well. The features of the program were an address by Mrs. Carrie Smiley on "The Red Cross and the War," one by Mr. S. C. Dugan, president of the congregation, delivering the flag over to the Missiond ary Society who had made it and presented it to the congregation when the boys went to war, and another address by Mrs. W. J. Stewart who spoke on behalf of the Missionary society and received the flag. This was folt lowed by an address by the pass tor on "A Good Warfare." During the addresses of Mr. Dugan and Mrs. Stewart the flag was held up in the presence of the congregation by Misses Evelyn Fulwider and Ella May Brown. It had been planned to have "A Message from the Boys" by Emmert Black, but illness prevented his attendance and that feature had to be omitted. Our service nineteen stars. carries flag Twelve of the boys represented got overseas, two were wounded and one, Corporal Harlan C.

Thompson, paid the supreme penalty, and his body lies in the soil in France. By this demobilization service the Ladies Missionary Society is made the custodian of the service flag.

Spent Pleasant Evening.

The smoker given Thursday evening in the basement of the opera house by Earl F. Shirkey Post No. 155, American Legion, proved to be a most enjoyable event. All ex-service men of the World War and veterans of the Civil War, residing in the community, were invited to attend and in all some thirty responded to the invitation, among them being six ex-service men from Summerfield-Ernest Garrison, Lee Volle, Emmert Black, Everett Curtis, Charles Webster and Everett Garrett.

L. E. Helvern, Jr., commander of the Post, presided. F. B. Larkin, the Post adjutant, reported on his recent trip to Wichita where he attended the state conference of Post adjutants.

Short talks were made by Comrade W. A. Willis of Chase Post, G. A. R., Post Commander Helvern, Dr. G. L. McGonigle and Ernest Garrison of Summerfield, and all were greatly enjoyed. Following these talks refreshments consisting of ice cream, cake and coffee were served, and afterward—cigars. The ladies serving the refreshments were: Mesdames L. E. Helvern, Jr., F. B. Larkin, William Brown and Mrs. Lee Volle of Summerfield and the Misses Agatha McMahon, Margaret Larkin and Marian Helvern.

Victrola music added to the pleasure of the evening and the event as a whole was a most enjoyable affair.

Seven new members were added to the Post roster—the six Summerfield ex-service men mentioned above, and Fred W. Chapman—which brings the membership up to forty.

Henry Seematter, candidate for the office of sheriff, was in Summerfield Wednesday of this week and made this office a pleasant call. Mr. Seematter told us about some of his experiences. in the world war , which he entered as a volunteer. He was on the same boat as Emmert Black, formerly of this city, when going to the battlefields. As many from here will remember the foat was torpedoed off the coast of Ireland which fact caused much excitement in Summerfield as the first news getting here did not contain the particulars and nothing was known of the two Marshall County boys who were on the boat until a few days later when they were reported saved.

Pittsburg Sour Dough and Casement Recall Sea Crash

Memories of the illfated Tuscania from whose sinking they survived while enroute over seas at the time of the World War have been re-Vernon called recently from Babcock, "sour dough baker" Pittsburg, and Dan D. Casement who was interested to learn that Mr. Babcock was a fellow passenger on that boat.

Prompted Both to Verse

An unusual incident in that connection is the revelation that the experience prompted both Mr. Babcock and Captain Casement write verses about the tragedy. Mr. Babcock sent to Mr. Casement a copy of his poem dedicated to the lads lost on the Tuscania February 5, 1918, and whose bodies were interred in Scotland.

Mr. Casement's poem was written March 7, 1918. He was in command of a company of replacement troups from Camp Travis which lost 12 men in the disaster. Mr. Babcock was with Company E., Sixth Battalion, 20th Engineers. Mr. Babcock's inquiry to the Manhattan

rancher was prompted by his reading an article in the National Tribune of Washington, D. C., that the Tuscania survivors are to have a reunion in Chicago next February 4, 5, and 6, and that Mr. Casement was appointed the committeeman for Kansas.

Five Other Kansans Aboard

As far as the Pittsburg survivor is informed the only other Kansans on the boat that night were P. H. Marshall, then of Columbus but now of California; Thomas Ashby, Liberty; Emmert W. Black, Sum-Home, and Homer Clements, Coats. us from the very cup of hell."

Mr. Babcock wrote in his poem that after traveling two weeks on sea, land had been sighted, the Irish shore seemed only a mile or two a: way, and hope was high, "for the end was nigh, we'd hit Liverpool by dawn."

"But just at the hour that the light house tower sent its warning gleam from the shore," a submarine sent its exploding shell into the ship's boiler room. The ship jarred and shook and "seemed to turn a somersault in the sea. With her strength all gone, she staggered on, and she put up a valiant fight. Then a final lunge, and a headlong plunge; she bravely The toll was 200. from sight."

Mr. Casement's Comment

Mr. Casement wrote of the approach of a fleet of destroyers to guard the ship's final steps to the Irish shore. "Reassured and cheer- | ful we made at last the mouth of the northern channel that heads g the Irish sea; Islay's light to north of as, Rathlin's to the south seemed to give us welcome and safety finally," he wrote. And then-

"WHANG! ! The ship's in darkness, her engines cease to run.

A liner proud, one moment breasting the combers coid,

The next a sinking junk heap of twenty thousand ton

With forty mangled stokers a-dying in her hold.

"Paunched by the Hun she listed, gut-shot below the line. Some life-boats lay in splinters,

while others swung and fell When rotten tackle parted. Didn't our chance look fine!

Father:

William Stansberry Black

Mr. W. S. Black, familiarly P known as "Stan", died at his home in Dennison, Kansas, on December 11th. His body was brought to Summerfield and the funeral was held at the United | 3 Presbyterian church on Tuesday December 14th. Mr. Black was born in Keokuk county, Iowa. in the year 1862; his death in the | 8 fifty-ninth year of his age. When he was nineteen years old he came to Pawnee county where he lived for six years, then f moved to Furnas county, Nebraska, where he resided fourteen years, at the end of which time he returned to Pawnee county. A little less than three years ago he moved from Summerfield to Dennison where his death occurred.

In 1883 he was married to Miss | s Maggie J. McClarnen, and for I almost thirty years they traveled life's pathway together. Her death occured on Christmas day 1912. To this union there were born six children, one of whom died in infancy. There remain Robert Arthur Black of Liberty. Nebraska, John W. Black, Emmert W. Black and Mrs. Mable Bowhay of Summerfield, Mrs. Mary McGibson of and College Springs Iowa. brothers also servive him, Mr. R.

D. Black and M. C. L. Black both of whom are esteemed residence of this community. In 1915 he was married to Miss Eva Gay Anderson who also survives to mourn his departure.

Mr. Black was a man of fine spirit and was held in very high esteem. In early life he became a member of the church and for many years served the church in an official capacity as a member of the Board of Trustees. The esteem in which he was held at Dennison is indicated by the fact that at the time of his death he was mayor of the city.

The funeral was held in the local United Presbyterian church conducted by the pastor, Rev. W. R. Gray, assisted by Rev. W. A. Piper of the local Methodist church and Rev. E. L. McCreary of the Mission Creek church. There was a very large attendance of relatives and friends and former neighbors. There were some very beautiful floral offerings, one of the most handsome of which was a beautiful wreath from the city council of Dennison, and marked "Our C Mayor." Interrment was in the Mission Creek cemetery where other members of the family were laid to rest.

Mother:

Death Invades Country Home.

Maggie J. McClarnen was born near College Springs, Iowa, November 9, 1865. She came with her parents, Mr. and Mrs. John McClarnen to Mission Creek neighborhood, on the Kansas side of the line in the year, 1881 where she resided until March 18, 1885, when she was united in marriage to W. S. Black. To them were born six children, Arthur, John, Mary, Emmert and Mable and one who died in infancy. Four children are at home with the sorrowing father, Arthur being married and living near the family home.

At an early age she took up the Master's work in the United Presbyterian church and was a consistent of worker, rejoicing in the advancement of His cause.

Mrs. Black died in Christ's hospital at Торека. December 25, 1912. She had been in poor health for a number of years but after an operation a couple of weeks ago the family had hopes of her regaining her health, but she suffered a sudden relapse on Christmas day, which hastened the end.

The funeral was held Sunday afternoon at the United Presbyterian church in this city and interment was made in the Mission Creek cometery. The services were conducted by Rev. Calhoun. Mrs. Black's three brothers and three sons acted as pall-bearers. Her Sabbath school class placed upon the casket, a beautiful wreath of flowers as a token of love and respect. Many other beautiful flowers were placed upon the casket by loving friends.

The bereaved family have the sympathy of the whole community in their hour of sorrew.
