Man Fatally Injured by Car

An elderly man, tentatively identified as T. S. White, was injured fatally Friday night when he was struck by an automobile in the 6800 block of Camp Bowie.

He was taken in an Owens-Brumley ambulance to a hospital where he died two hours later of a head injury.

Eddie Workman, ambulance attendant, said he was trying to contact relatives of the man but the only thing he had to check on was a slip of paper with the name "T. S. White, general delivery."

Tarrant County's traffic fatality toll mounted to 57 with the death of the man.

Is this his father? "Fort Worth (TX) Star-Telegram" Saturday 9 Nov 1946 p 1

Man's Funeral Awaits Arrival of Daughters

Services for Thomas Sidney White, 88, retired Sherman farmer who was injured fatally Friday night when struck by an automobile just west of the city limits on Highway 80, will be completed upon the arrival of two daughters. A son and two other daughters arrived here Saturday.

Survivors are a son, John White, Dallas, and four daughters, Mrs. Gladys Odem and Mrs. Ben Markum, both of Sherman; Mrs. Stella Baker and Mrs. Mabel Rose, Tulsa, Okla.

Mr. White was Tarrant County's 57th traffic fatality this year.

THE DEAD.

Engineer J. F. Robertson, Sapulpa.

Fireman Bert Ford, Sherman.

Student Fireman John Wyre, Denison, Texas.

Southbound passenger train number 511, which left Sapulpa at 9:30 yesterday morning, was wrecked just before noon two miles this side of Weeletka which is about fifty miles south of here. Engineer James F. Robertson, whose home is at 1037 East Hobson, this city, and John Wyre, a student fireman, whose home was at Denison, Texas, were instantly killed, and Fireman Bert Ford, who lived at Sherman, was so badly scalded that he died a few hours later.

That the wreck was the result of a deliberate attempt on the part of I. W. W.'s to kill and destroy, there appears to be no doubt. A large piece of iron had been placed in such a way as to derail the engine. Those who visited the scene later say that one end of this piece was placed under one rail and against the other in such a way that the wheel flange could not help jumping the rail as soon as it was struck.

Less than three hundred yards down the track another obstruction had been placed to make sure that the train would be wrecked if the first attempt failed. This second obstruction was a drawhead which had been chained to the rail in such a way that the engine would leave the tracks. Engineer Robertson must have seen the first obstruction only a short distance away before his engine hit or else the entire train would have gone into the ditch and hundreds of lives would have been the probable toll.

As had been planned the engine jumped the track and turned over, carrying the engineer and both the firemen. Escaping steam immediately enveloped them and death came instantly to two of them. Fireman Ford was able to extricate himself from the wreck but his burns were such that he soon collapsed and died a short time later.

As soon as possible word of the catastrophe was sent to the head offices in this city and the wrecker with relief trains was sent out. Poses were immediately formed to try to catch the perpetrators who had only a short time the start. A freight train had passed over the

spot only forty-five minutes ahead of the passenger and the track was clear at that time. It was stated that four men had been seen in the vicinity about the time the freight had passed or soon after and all efforts were made to locate these men.

For several days Frisco men have been fearful for their property through this part of the state and heavy guards have been stationed in many places but it has been almost impossible for them to guard all of it. This fear was strengthened by the knowledge gained some time ago that a standing reward had been posted to any member of the I. W. W. who would burn a bridge or wreck a train. The amounts were \$500.00 for the former and \$1,000.00 for the latter. It is easy to guess where the money for these rewards would come from.

James F. Robertson, dead engineer, was one of the best known railroad men in this city. For more than a third of a century he has driven an engine and was the oldest engineer in point of service of any of the Frisco men at this division point. When the Red River line was opened

(Continued on Page 3)

BODIES OF HENRYETTA

(Continued from page one)

Mr. Robertson pulled the first passenger train out of this city. That was sixteen years ago and he has been on that run ever since. Railroad men have long looked upon him as the man who had them all bested in handling an engine. Executive men of the road have often pointed him out to younger men of the engines as the man whom they should pattern after.

Mr. Robertson leave a wife and five children, one son and four daughters. The son, Floyd, enlisted early last spring in the service of his government and has been stationed at Camp Bliss, El Paso, Texas. The eldest daughter, Mrs. S. A. Shrader, went to San Antonio a few weeks ago to be near her husband who went to the camp at that place along with many others last September. The other children are at home. The absent ones are on the way and no funeral arrangements will be made pending their arrival. Another daugh-

The body of the other fireman, ter, the oldest child, Mrs. L. J. Upp, died three years ago.

Many years ago, Uncle Jimmie, as the railroad boys are used to addressing him, became a Christian and his life has been such that more than one erring one has been caused to forsake his unrighteous ways. His practical Christian advice and talk to the boys on the railroad has been the means of assisting many of them over places that were rough and uneven and his Godly example was an inspiration for oth-

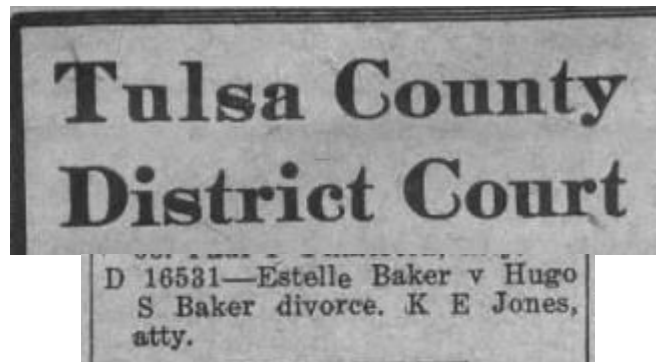

ers. For the past four years he has been a member of the school board.

Logan Thompson, W. A. Yocum and V. P. Couch went to the scene of the accident yesterday afternoon and brought the body of Uncle Jimmie and Fireman Wyre to this city on Superintendent McElvaney's private car last night. They were taken to the Buffington undertaking parlors where they were prepared for burial. That of the fireman will be sent to his home at Sherman tomorrow. It is understood that he had a wife and two children.

Bert Ford, was sent to Holdenville where it was prepared and then forwarded today to his home at Dentson. He leaves a wife and three children.

This was the second wreck for Engineer Robertson within a week, the other occurring at Francis when another engine sideswiped his. At that time no one was injured but Uncle Jimmie remarked to his family when he got in off that run that he had missed death by only two feet and that the next close call would be the one to get him.
